

ICAHS 2025

International Conference of Allied Health Sciences
Bangkok, Thailand

29th August 2025

8:00 - 8:45	Registration at Chaloe Rajakumari 60 Building (Chamchuri 10) (fl.1), Chulalongkorn University			
8:45 - 9:15	Opening Ceremony (fl.8) 801 Opening Remark by Professor Dr. Wilert Puriwat President of Chulalongkorn University			
9.15-10.15	Plenary lecture (fl.8) 801 PL1: Capt.(Ret.) Yongyuth Mayalarp, M.D. President of Thai Lifestyle Medicine and Wellbeing Association (TLWA) <i>Lifestyle Medicine: The Heart of Precision Health and the Future of Allied Health</i>			
10.15-10.30	Coffee break Booths and Poster session			
	Parallel symposium			
Time	Medical Technology (fl.8) 801	Physical Therapy (fl.7) 701	Nutrition and Dietetics (fl.7) 702	Radiological Technology (fl.8) 803
10.30-11.15	MT1: Associate Professor Dr. Matthew Blunt University of Southampton, UK <i>Harnessing Natural Killer Cells for Safer and More Effective Cancer Immunotherapy (Online)</i>	PT1: Professor Dr. Hsing-Kuo Wang National Taiwan University, Taiwan <i>The Effects of Aging on the Morphomechanical Characteristics of the Myotendinous Complex and Their Clinical Implications</i>	ND1: Associate Professor Dr. Jane Muir Monash University, Australia <i>From Theory to Practice: The Dietitian's Role in Delivering the Low FODMAP Diet for IBS</i>	RT1: Assistant Professor Dr. Takahiro Nakamoto, Hokkaido University, Japan <i>Dosimics: Emerging novel dosimetric analysis for evaluating radiotherapy outcomes</i>
11.15-12.00	MT2: Professor Dr. Tsukuru Umemura International University of Health and Welfare Clinical Laboratory, Kouhoukai Takagi Hospital, Japan <i>Profile analysis of circulating EVs and microRNAs in human diseases</i>	PT2: Associate Professor Dr. Maria Justine @ Stephany Universiti Teknologi MARA, Malaysia <i>Muscle Matters in Age-Related Sarcopenia: A Precision Approach to Restoring Strength and Preserving Independence</i>	ND2: Associate Professor Dr. Ben Hanson University College London, UK <i>Mechanics of the Swallowing Process and Dysphagia Diet</i>	RT2: Professor Dr. Jeng-Yuan Chiou Chung Shan Medical University, Taiwan <i>Real-world Assessment of Reinfection with SARS-CoV-2: Implications for Vaccines</i>
12.00-13.00	Lunch Booths and Poster session			
13.00-13.45	MT3: Assistant Professor Dr. Yong-Fei Wang The Chinese University of Hong Kong, Shenzhen, China <i>Impact of Genotype Imputation on Disease Risk Prediction in East and Southeast Asian Populations</i>	PT3: Associate Professor Dr. Tsuyoshi Asai Kansai Medical University, Japan <i>Fall Prevention in super-aged society</i>	ND3: Professor Dr. Jing-Hsien Chen Chung Shan Medical University, Taiwan <i>The Medicinal and Health Benefits of Lotus Seedpod Extract</i>	RT3: Assistant Professor Dr. Vincent W. S. Leung The Hong Kong Polytechnic University, China <i>AI in Radiotherapy</i>
13.45-14.30	MT4: Dr.Hanako Fukano National Institute of Infectious Diseases, Japan <i>Emerging Trends in Nontuberculous Mycobacteria (NTM) in Japan and Innovative Approaches to Drug Screening</i>	PT4: Associate Professor Dr. Atsushi Sawada Health Sciences University of Hokkaido, Japan <i>A Multidisciplinary Approach with Nutrition and Rehabilitation: The Expanding Role of Physical Therapists in Japan</i>	ND4: Dr.Chen Seong Ting IMU University, Malaysia <i>The Art and Science of Nutrition-Focused Physical Examination (NFPE)</i>	RT4: Associate Professor Dr. Shuichi Shiratori Faculty of Medicine Siriraj Hospital, Thailand <i>Cutting-Edge Advancements and Emerging Trends in Theranostics for Personalized Medicine</i>
14.30-14.45	Coffee break Booths and Poster session			
14.45-15.15	MT5: Professor Dr. Gyorgy Hutvagner University of Technology Sydney, Australia <i>Novel pan cancer diagnostics, and prognostic markers in ACC and developing a targeted therapy for neuroendocrine tumours.</i>	PT5: Dr. Takahiro Abe Department of Physical Therapy, School of Rehabilitation Sciences, Health Sciences University of Hokkaido, Japan <i>The state of the art and problems of cardiac rehabilitation in Japan</i>	ORMT1 Dr. Chanachai Sae-Lee Faculty of Medicine Siriraj Hospital, Mahidol University <i>Epigenetic Biomarkers of Ageing: Bridging Molecular Insights and Clinical Applications</i>	RT5: Professor Dr. Naoki Hayashi Fujita Health University, Japan <i>Recent advances and clinical implementation of surface guided radiation therapy</i>
15.15-15.45	MT6: Associate Professor Dr. Yusuf Ali Lee Kong Chian School of Medicine, Nanyang Technical University, Singapore <i>How Dietary Fats Shape Type-2 Diabetes Mellitus Pathogenesis</i>	PT6: Dr. Fatim Tahirah Mirza Universiti Teknologi MARA, Malaysia <i>Exercise Tolerance Tests in Cardiorespiratory Physiotherapy: Beyond the Six-Minute Walk Test</i>	ND5: Associate Professor Dr. Wong Kah Hui Universiti Malaya, Malaysia <i>Antidepressant-like effects of Hericium erinaceus, the lion's mane mushroom</i>	RT6: Lecturer Dr. Takaaki Yoshimura Faculty of Health Sciences, Hokkaido University, Japan <i>Artificial Intelligence for MR-guided radiation therapy</i>
15.45-16.15	MT7: Assistant Professor Dr. Tewin Tencomnao Faculty of Allied Health Sciences, Chulalongkorn University <i>Anti-neurotoxic and anti-ageing effects and mechanisms of natural products for future applications</i>	PT7: Professor Dr. Prawit Janwantanakul Department of Physical Therapy Faculty of Allied Health Sciences Chulalongkorn University <i>How Thai physical therapists tackle Aged society?</i>	ND6: Dr. Jahangir Bin Kamaldin Department of Toxicology, Advanced Medical & Dental Institute, Universiti Sains Malaysia <i>Guidance on the Safe Use of Manufactured Nanomaterials in Food and Feed Consistent with the WHO One Health</i>	RT7: Associate Professor Dr. Ping-Huei Tsai Department of Medical Imaging and Radiological Sciences, Chung Shan Medical University, Taiwan <i>Radial T2* Mapping for Early Detection of Meniscal Degeneration in Knee Osteoarthritis</i>
16.15-16.45	Booths and Poster session (fl.7-8)			
16.45-18.00	Collaboration meeting (fl.20) For invited guests only			
18:00-20:00	Welcome dinner (fl.20) For invited guests only

ICAHS 2025

International Conference of Allied Health Sciences
Bangkok, Thailand

30th August 2025

	Parallel symposium			
Time	Medical Technology (fl.8) 801	Physical Therapy (fl.7) 701	Nutrition and Dietetics (fl.7) 702	Radiological Technology (fl.8) 803
9.00-10.00	MT8: Dr. Thidathip Wongsurawat Division of Medical Bioinformatics, Mahidol University <i>Advanced in HLA Genotyping Using Long-read Sequencing</i>	PT8: Associate Professor Dr. Jarugool Tretriluxana Faculty of Physical Therapy, Mahidol University, Thailand <i>Future Trends of Physical Therapy</i>	ND7: Dr. Bhagawat Tangjaturonrasme Phramongkutkloao Hospital <i>Optimizing Perioperative Outcomes: Nutrition in ERAS Protocols</i>	RT8: Associate Professor Dr. Kitiwat Khamwan Chulalongkorn University, Thailand <i>Dosimetry for Personalized Molecular Radiotherapy: Optional or Essential?</i>
10.00-10.10	MT9: Associate Professor Dr. Panan Ratthawongjirakul Chulalongkorn University, Thailand <i>From benchwork to breakthroughs: innovations in TB diagnosis in the medical laboratory</i>	Oral Presentation	ND8: Assistant Professor Dr. Tippawan Siritientong Faculty of Pharmaceutical Sciences, Chulalongkorn University <i>The Updated Guide to Drug–Nutrient Interactions</i>	RT9: Assistant Professor Dr.Gina Bouchard Department of Pharmaceutical Sciences, University of Colorado – Anschutz Medical Campus, USA <i>Spatiometabolic mapping of cytoarchitectural changes in lung adenocarcinoma following radiotherapy (Online)</i>
		ORPT1: NURHAZRINA Noordin <i>Impact of 4 Weeks of Physiotherapy-Led Integrated Care of Older People (PTICOPE) on Quality of Life among Community-Dwelling Older Adults with Intrinsic Capacity Decline: A Randomized Control Trial</i>		
10.10-10:20		ORPT2: Thanakorn Angkurasiripaiboon <i>Reliability of a Wearable Inertial Sensor for Gait Assessment in Moderate Parkinson’s Disease</i>		
10:20-10.30		ORPT3: SITI HAJAR AQILAH HAMRAH <i>Functional and Cognitive Performances as Predictors of Quality of Life in Stroke Survivors: A 3-Month Prospective Cohort Study</i>		
10:30-10:40		ORPT4: Peemavit Apimonbutr <i>A Wearable System Using Micro:bit and Machine Learning to Monitor Elderly Exercise Posture</i>		
10:40-10:50		ORPT6: Andi Rizky Arbaim Hasyar <i>Effect of CO2-Rich Water Bathing on Endothelial Function and Peripheral Blood Flow in Patients with Chronic Kidney Disease Undergoing Hemodialysis</i>		
10:50-11:00				
11:00-11:15	Coffee break Booths and Poster session			
11:15-11:25	ORMT2: Associate Professor Dr. Busadee Pratumnvinit Faculty of Medicine Siriraj Hospital, Mahidol University <i>Association Between Active B12, Vitamin B12, Folate, Vitamin B6, Homocysteine, and Methylmalonic Acid in an Elderly Population</i>	ORPT7:Muhammad Awais Tassarar <i>Impact of upper back brace on postural alignment in bankers with non-specific neck pain</i>	ND9: Associate Professor Dr.Narisorn Lakananurak Faculty of Medicine, Chulalongkorn Hospital <i>Nutrition Management in Liver and Pancreatic Diseases</i>	ORRT 1 Dr. Sararas Khongwirotphan Faculty of Allied Health Sciences, Chulalongkorn University <i>Unlocking Hidden Patterns: How Radiomics Advances Precision Health in Cancer Care and Beyond</i>
11:25-11:35	ORMT3: Dr. Navaporn Worasilchai Faculty of Allied Health Sciences, Chulalongkorn University <i>Transforming Medical Technology Education: AI-Driven Simulation for Bridging Theory and Practice to Enhance Clinical Competency and Patient Safety</i>	ORPT8: Weerapong Tepkaew <i>Correlation between postural control and forward head posture in typically developing children aged 7 to 10 years</i>		
11:35-11:45	ORMT4: Dr. Sadeep Medhasi Faculty of Allied Health Sciences, Chulalongkorn University <i>Human vascular pythiosis: what do we know and where are we heading?</i>	ORPT9: Nipaporn Akkarakittichoke <i>Effects of Postural Shifting Frequency on Perceived Musculoskeletal Discomfort During 1-Hour Sitting in Office Workers</i>		
11:45-11:55	ORMT5: Mr. Wudtipong Vongthip Faculty of Allied Health Sciences, Chulalongkorn University <i>EFFECTS AND MECHANISMS OF ALBIZIA LEBBECK (L.) BENTH LEAF EXTRACTS ON OXIDATIVE STRESS RESISTANCE, ANTI-AGING AND LONGEVITY</i>	ORPT10: Somnuek Songvanich <i>Effects of Motor Imagery Training on Sit-to-Walk Performance in Children with Spastic Cerebral Palsy: A Pilot Study</i>		
11:55-12:05	ORMT6: Dr. Sunita Nilkhet Department of Medical Technology, Faculty of Allied Health Sciences, Thammasat University <i>Anti-Tumor Effects of Auricularia polytricha on Breast Cancer Cells and Microenvironment</i>	Award Annoucement & Closing Ceremony Physical Therapy (fl.7) 701	Award Annoucement & Closing Ceremony Nutrition and Dietetics (fl.7) 702	Award Annoucement & Closing Ceremony Radiological Technology (fl.8) 803
12.05-12:15	Award Annoucement & Closing Ceremony Medical Technology (fl.8) 801
